## CORPORATE MESSAGE

All journeys are special, but some journeys are more special. It was a humble start in 2000 with **CITY ADVERTISERS**, a company having various verticals including graphic designing, acrylic signage & LED boards, internal & external branding and merchandising. For a team of incredible designers having unique talents for creating eye-catching exteriors and interiors, **INTER EXT** was a natural progression from our regular business. **INTER EXT** was started in 2019, exclusively for exterior and interior designing; both commercial and residential.

Our designers have a diverse career portfolio which includes a variety of exterior styling and design works. The long list of our satisfied clients stands testimony to our expertise, dedication and impeccable service. We thank all our patrons who made this amazing journey possible. With a strong focus on fulfilling customer needs and service, I personally request all to be with us throughout our journey.

Sincerely  
MANOJ PM  
MANAGING DIRECTOR
